

Points for Prayer – October 2020

For Thanksgiving

- We are thankful to welcome two new trustees to the team: Mike Fawcett and Calvin Eaton. We will bring more on Calvin and Mike in future news.
- Thanks to the generosity of our supporters we are able to undertake our annual pastor mailing this year.
- Technology – its benefits have never been more evident than during the coronavirus pandemic and interim lockdowns.
- The medical advances in the treatment of covid-19.

For Prayer

- Bishop Jacob in Tanzania (who was formerly Archbishop) had a major health issue and is now recovering. Please pray for a rapid return to full health and strength for him. Bishop Jacob is an important contact in the distribution and deployment of the catechistic materials.
- Going forward, that we are able to continue our work in bringing Biblical teaching to poorer areas of the world in the face of the current ongoing challenges and financial pressures.
- Resilience and adaptability for all.
- That an effective and safe vaccine(s) for covid-19 will be found and administered quickly and efficiently worldwide.

And Finally

The team at Sovereign World Trust, our staff and trustees, offer our continued prayers for the comfort, good health and safety of our supporters and recipients, who remain in our thoughts and hearts.
