

Points for Prayer – October 2021

For Thanksgiving

- The huge progress with our Mark study book.
- The recent addition of some excellent titles to our pre-loved book collection.
- Our volunteers - who give their time so selflessly.

For Prayer

- The resumption of mailings, with particular prayers for the packing and all practical arrangements for freighting to the nations.
- Strength, energy and efficient working in order that we may respond to all the requests that are coming in.
- That we will be able to discern how to respond to many diverse enquiries.
- The continued preparation of the Mark workbook; that the feedback we receive will help us to refine and improve it. Please pray that the result will be that more effective leaders will be raised up as the church grows in the poorest nations of the world.
- For the Salima library top-up which was delayed in transit – that there will be no more hitches or delays.

And Finally

As ever, we are hugely thankful for our prayer and financial supporters, and their messages of encouragement, steadfast loyalty and support.
